PROFESSIONAL SUMMARY

Infrastructure BIM Engineer with **4 years** of progressive experience delivering ISO 19650-compliant, clash-free BIM models for large-scale GCC developments with leading developers, including Aldar. Rare full-stack expertise spanning hydraulic utility design (WaterGEMS/SewerGEMS), advanced Dynamo automation, and multidisciplinary BIM coordination (Civil 3D, Revit, Navisworks, Inventor) enabling faster model delivery, fewer RFIs, and tighter design-to-construction handoffs. Author of BEPs and MIDPs across 9 major projects in the UAE, KSA, and Kuwait, with a track record of taking on greater ownership at each career step, from BIM Infrastructure Engineer to BIM Coordinator in under 4 years.

CORE COMPETENCIES

Infrastructure BIM Coordination | Civil 3D Utility Modeling | Wet & Dry Utilities | Roadworks & Grading | Clash Detection | Federated Model Coordination | ISO 19650 | BEP | MIDP | EIR Compliance | Navisworks Manage | Revit | Dynamo Automation | Shop Drawings | QTO | LOD 400/450 | 4D Simulation | Aldar Digital Delivery | BIM Development.

PROFESSIONAL EXPERIENCE

❖ **Innovo Group** | Abu Dhabi, UAE

08/2025 - Present

Infrastructure BIM Coordinator

- Led infrastructure BIM coordination for major Abu Dhabi developments, covering roads, grading, wet utilities, dry utilities, architectural, and MEP interfaces.
- Prepared BIM Execution Plans and Master Information Delivery Plans in accordance with **Aldar EIR v3.0** and **ISO 19650** requirements.
- Coordinated federated models across 5 disciplines and resolved **500+ clashes** before client submission, improving model quality and reducing coordination comments.
- Developed roadworks and rough grading models, including cut/fill quantity extraction and design coordination with utility networks.
- Managed model review workflows in Navisworks and ACC, ensuring compliance with client digital delivery standards.

Key Projects:

- Qasr Al-Jurf (Phase 3B), Abu Dhabi, UAE
- Al-Sader, Abu Dhabi, UAE
- Bloom, Abu Dhabi, UAE

❖ **SSH International Consultant** | Cairo, Egypt

09/2024 - 08/2025

Infrastructure Design & BIM Engineer

- Designed wet utility networks (Sewer, Storm, Water, Irrigation) using SewerGEMS/WaterGEMS, ensuring compliance with project standards.
- Developed detailed 3D utility models for wet and dry utilities and coordinated reviews in Navisworks for effective clash detection.
- Delivered 300+ shop drawings across wet/dry utilities and roadworks while improving design coordination and reducing potential RFIs.
- Developed 15+ advanced Dynamo scripts for utility network generation, cutting manual utility modeling time by ~35% per project.
- Authored the Master Information Delivery Plan (MIDP) to standardize drawing production in line with ISO 19650.

Key Projects:

- Montage Wadi Safar, Riyadh, KSA
- S5 Development, Sabah Al-Ahmad, Kuwait
- Mina Al Arab Development, Ras Al Khaimah, UAE

❖ **Trojan Construction Group** | Cairo, Egypt

BIM Infrastructure Engineer

11/2022 - 09/2024

- Prepared detailed 2D shop drawings for wet and dry utilities, ensuring accuracy and compliance.
- Modeled and delivered comprehensive utility networks (Wet and Dry) in Civil 3D, achieving LOD 450 standards.
- Wrote Dynamo scripts to automate repetitive tasks in Civil 3D, reducing time by 30% and enhancing efficiency by ~25%.
- Delivered a clash-free federated Navisworks model and a 4D Navisworks simulation video.

Key Projects:

- Baniyas West, Abu Dhabi, UAE
- BalGhaiylam, Abu Dhabi, UAE
- Saadiyat Lagoons, Abu Dhabi, UAE
- Reem Hills, Abu Dhabi, UAE

EDUCATION

Bachelor's Degree in Civil Engineering

University of Zagazig

09/2017 - 08/2022

- Grade: Very Good With Honors (84.6%)

Graduation Project: Sanitary Project

University of Zagazig

10/2021 - 07/2022

- Designed a complete water cycle system (collection, purification, distribution, sewage treatment) using AutoCAD, SewerGEMS, WaterCAD, Civil 3D, and ArcGIS.
- Achieved an excellent grade; combined software design with field visits to desalination & treatment plants.

TECHNICAL SKILLS

- AutoCAD
- Civil 3D
- Revit
- Navisworks
- Dynamo
- Inventor
- Part Builder
- ACC
- WaterGEMS
- SewerGEMS
- Power BI
- Microsoft Office
